Dear Mr. Ferguson:

Thank you so much for sending copies of The Vision and the CDs featuring your rendition of "I have a Dream." Congratulations on the anniversary of your publication and the ground breaking of the Park honoring my father. It is also good to know that you will be carrying my father's message to the school system. There can never be enough opportunities for young people to be exposed to his vision. My best wishes as you continue to share The Dream.

PEACE AND BLESSINGS,

Yolanda King
